Re: Change of identification Authorization

FCC ID: U2M-ZF73XX-1

FCC CHANGE IN ID AUTHORIZATION LETTER

To whom it may concern:

This letter grants authorization for representatives of Ruckus Wireless, Inc. to apply to the FCC for a CHANGE IN ID application as specified under 47CFR 2.933 of the FCC rules for adding DFS band operation to their product (FCC ID S9GZF7363). Both IDs (S9GZF7363 and U2M-XF73XX-1) are electrically identical. However, we added the DFS bands to the original product after Ruckus completed their CHANGE IN ID application and we are aware that Ruckus Wireless, Inc. intends to market the above referenced new version under their own FCC ID: S9GZF7363. This authorization applies to Senao Networks, Inc., FCC ID: U2M-ZF73XX-1 (The C2PC for adding DFS band operation granted by FCC on 09/24/2010).

Sincerely yours,

Senao Networks, Inc.

Allen Hsu/ Vice President
