Re: Request for Short Term Confidentiality per section 0.459 of the Rules

To whom it may concern,

Request is hereby submitted, on behalf of my client Airgo Networks Inc. to withhold from public review, for a limited time, certain portions of the applications for equipment certification for the referenced FCC identifiers. In particular, the following sections of the application and report are requested to be kept confidential:

 User manual
 Product photographs

Rationale for request for short term confidentiality:

Airgo is coordinating its international product marketing and distribution for the referenced devices. Disclosure of the information present in the user manual and product photographs prior to product release would give competitors important product information that could compromise Airgo's marketing strategy. As such, Airgo is requesting the referenced items be withheld from public view for a period of 45 days after grant is issued, or at such time that marketing of the products begins.

If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "T N Cokenias". The signature is fluid and cursive, with a long horizontal stroke at the end.
