Attachments: X51IAx (x=0~9 or a~z or blank) APPENDIX for GPRS.pdf

Dear Chris,

Attached please find the MPE report for GPRS portion.

As for WLAN, since the Intel WLAN was certified as modular approval and its grant condition didn't change when incorporated into UniWill's laptop, so please refer to Intel FCC ID for details.

Best Regards,

Lucy

Lucy, thank you for your response. Thank you for pointing me to the scanned page in the report.

As for the MPE exhibit, I must wait for this RF Exposure exhibit before I can recommend this for Grant.

Best regards,

Chris Harvey

5/11/2006

Dear Chris,

We didn't submit the revised report for Bluetooth because the version of Ansi C63.4 was indicated in page 3 in the submitted report. It's a scanned page, so maybe that's why you didn't notice.

As for the MPE result, we will submit it by tomorrow morning. (Taipei time= 6:00 pm US time)
So if possible, can you please help to prepare a evaluation report to Mike firstly because the customer is very urgent in getting the grant?
Thank you for your help in advance.

Best Regards,

Lucy

主旨 : UNIWILL COMPUTER CORP., FCC ID: SAZ-GUBTCRQ2426, Assessment NO.: AN06T5664, Notice#2

Dear Lucy Tsai,

Thank you for the response to Notice #1. I have received all the responses, including the responses for the exhibits from Mike Kuo. Question #2 in Notice #1 requested that an MPE calculation exhibit be submitted for this application. You have documented that both the WLAN and WWAN antennas are >20cm from the body (top of LCD screen). Please submit an MPE calculation that shows compliance with the Mobile RF Exposure requirements of FCC 2.1093 for the WLAN and WWAN operation of this device.

Also, please note that I did not receive the revised report for the Bluetooth portion of this application (AN06T5663) documenting the version of ANSI C63.4 used for testing. Please resubmit to charvey-tcb@ccsemc.com.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
