	Refuse Answering	++				Receive Calling
	Last Call Redial	v v				Standby
	Switch to Cell phone	++				During Communication
	Cancel Voice Dialing	+				During Voice Dialing
	Volume Up				+	During Communication
	Volume Down					During Communication
	Connect To Cell phone	+				Disconnected
A2DP / AVRCP	Play	+				Stop or Pause
	Pause	+				Playing
	Stop	v v				Playing
	Forward			+		Playing
	Backward		+			Playing

6. Certification and Safety Approvals/General Information

6.1 The device is CE 、 FCC and BQB approved.

6.2 This device complies with part 15 of the FCC rules :

6.2.1 Rule15.21 : You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

6.2.2 Rule15.105 ( b ) : This equipment has been tested and found to comply with limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

6.3 Bluetooth is a trade mark owned by Bluetooth SIG, Inc.

7. Caution

7.1 Important information regarding safe and efficient operation. Read this information before using the product. Users are not permitted to make changes or modify the device in any way. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

7.2 Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

7.3 FCC RF Radiation Exposure Statement : This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operation instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operation in conjunction with any other antenna or transmitter.
