Subject: FCC ID: SBP2420

Mr. Fujimoto:

In order for processing of this certification application (FCC ID: SBP2420) to continue, the following issue(s) will have to be addressed:

- 1) The FCC label may not be placed on the battery cover. Please select a new location and submit an updated diagram.
- 2) Please indicate the type of modulation employed by the device.
- 3) The label submitted contained the FCC logo, which is only appropriate for products subject to the Declaration of Conformity (DoC) approval process. This logo should be removed and a new sample label should be submitted.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is SBP2420-1.
