**Subject:** FCC ID: SBP2443A

Mr. Fujimoto:

In order for processing of these certification applications (FCC ID: SBP2443A) to continue, the following issue(s) will have to be addressed:

- 1) Please indicate compliance with the voltage variation requirements contained in section 15.31(e) of the FCC rules.
- 2) The sample label diagram bears the FCC logo, which is only appropriate for devices subject to the Declaration of Conformity (DoC) approval process. Since this type of device is not subject to the DoC process, the FCC logo should be removed from the label, and a new sample label should be submitted.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is SBP2443A -1

Best regards,

Scott McCutchan
