Re: Request per 0.457 and 0.459 of FCC Rules to withhold certain documents from routine public access

Applicant: Sonos Inc.

FCC ID: SBVCR001
802.11g controller for wireless music system

To whom it may concern,

Request is hereby submitted, on behalf of my client Sonos Inc. to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier. In particular, the following sections of the application and report are requested to be kept confidential:

- Block Diagrams
- Schematic
- Operational Description
- Antenna pattern description

Rationale for request for confidentiality:

Sonos has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
