RE: Evermore Systems

FCC ID: SBYSSC1

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) For IC, please provide the REL Listing and IC Agency cover letters that are included as part of the RSP-100 Form.
- 2) This application appears to be submitted as a Permissive Change application for the FCC portion. This requires a cover letter explaining the Permissive Change and how the device is considered compliant to 2.1043 of the rules.
- 3) This device is portable and should be tested while positioned in each of 3 axis. Please confirm this was performed.

Timothy R. Johnson  
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
