David,

I have attached the letter from Biowatch.

Let me, Jason, or Vinay know if anything else is needed.

Best regards,

Bryan

Bryan,

I'd like to have a Statement from the Applicant that the radio module used in the device is unmodified. Therefore, please ask the client to provide a "Letter of Application". Any form can be used, for example, as attached.

When will I get the corrected report?

Thanks  
David

Bryan,

Please update the SAR report by removing SAR scale for the Duty Cycle. The justification of the 50% Duty Cycle, as declared by the Applicant, is not sufficient. Actually, it is not a source-based Duty Cycle.

Thanks  
David

Hello David,

I have attached the revised report in this email and have forwarded your request for the letter on to the client. I will send it to you as soon as I get it.

Thanks for your help.

Bryan
