

February 15, 2017

Federal Communications Commission
Washington, DC 20554.

Dear Sir or Madam:

Pursuant to CFR§ 2.1043, Nordic ID Oy hereby requests a class II Permissive change for Nordic ID RFID module NUR-05WL2 with FCC ID: SCCNUR05WL2.

Nordic ID would like to integrate this module into portable host device designed by Nordic ID.

Host device name / model is Nordic ID Merlin CD 805-2A wireless data collection computer.

Nordic ID would like to integrate into this same host device another FCC certified module:

WLAN / Bluetooth module SDC-SSD40NBT with FCC ID: SCC-SDC SSD40NBT.

RFID and WLAN/Bluetooth antennas in host product are similar as used in original module certification. Maximum gain of antennas in host product are also smaller than in original module certification.

Sincerely,

Rauno Nikkilä
Certification Specialist
Nordic ID Oy
