Hi, Changyoung,

Please address following issues.

Q#1: According to the EUT photos, it looks like a USB port is supplied. If it is, what...s the function of this USB port? Can it communicate with PC related device through this USB connection?

---> Only recharging battery.

If yes, then this device should also be considered as PC peripheral and then FCC DOC or certification will be needed. And user manual should also include 15.105 statements.

---> This EUT not communication to PC. So not PC peripheral.

Best Regards,  
Lucy Tsai/UL CCS
