Re: FCC ID: SDBBTXCVR

To Whom It May Concern:

The following application is submitted on behalf of our client Sensus Metering Systems Inc., for evaluation of their model BTXCVR for certification under FCC Part 24D, 90, and 101. The BTXCVR was tested in full to the requirements of the aforementioned rules and found to be in compliance.

The BTXCVR is collocated with and includes preapproved Bluetooth module FCC ID: ED9LMX9838. The BTXCVR and FCC ID: ED9LMX9838 can operate simultaneously therefore radiated inter-modulation products were evaluated and found to be in compliance.

The BTXCVR is a body-worn device and RF exposure for body worn applications is addressed in KDB Inquiry 344446 and the exhibits contained in this filing.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large initial 'R'.
