Re: FCC ID: SDBCPTP100

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model CPTP100 for certification under FCC Part SDBCPTP100.

The CPTP100 is a PCB which provides four inputs for digital sensor monitoring and long range wireless communication capability. The CPTP100 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,
