Re: FCC ID: SDBFLEXLG100

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model FLEXLG100 for certification under FCC Part 24D, 90, and 101.

The FLEXLG100 is a licensed module consisting of a single printed circuit board which is designed to be integrated into specific host devices. The FLEXLG100 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,
