Re: FCC ID: SDBM400BV01

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model M400B-01 for certification under FCC Part 24 Subpart D.

The FCC ID: SDBM400BV01 is a base station which consists of a cabinet which encloses a transceiver operating in the 900 MHz Sensus Metering Systems licensed band, a PA and a duplexer. The evaluation was performed for the device operating at low and high power.

The FCC ID: SDBM400BV01 was tested in full and was found in compliance to the test requirements.

Sincerely,

A handwritten signature in blue ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large, stylized 'R'.
