

Sensus Non-Disclosure Memorandum

March 11, 2013

Sensus OEMs:

This memorandum serves as an additional agreement between Sensus and its OEMs stating that the OEMs will use the Sensus M400XCVR-00 Transceiver (See Appendix 1) in accordance with the FCC rules on approved devices. The Sensus M400XCVR-00 Transceiver is professionally installed inside a Sensus cabinet. The label will be located on the top of the device and will display both the FCC and IC IDs of the M400XCVR-00. Confidentiality of the internal photos and the technical manual is being requested because this is a non-consumer device which is not accessible by the general public, professionally installed, and is only serviceable by Sensus, or designated technicians.

Please feel free to contact me directly should there be any questions regarding this matter.

Respectfully,

Al Servais | Reliability and Compliance Program Manager
