Re: FCC ID: SDBTXCVRBB01

To Whom It May Concern:

The following application is submitted on behalf of our client Sensus Metering Systems, Inc. for evaluation of their model TXCVRBB01 for a Class II Permissive Change under CFR 47 Part 24 Subpart D, Part 90 Subpart I, and Part 101. This Class II Permissive Change is to address collocation of the TXCVRBB01 modular transceiver in the Sensus FlexNet Remote Portal (FRP) host device.

The Sensus TXCVRBB01 transceiver is collocated in a Sensus FlexNet Remote Portal (FRP) host device with either a MultiTech Model MTCBA-C CDMA modem module FCC ID: AU792U04A22760 or Wavecom Fastrack Supreme 20 GSM modem module FCC ID: O9EQ2687. The FRP host device is used only in a fixed operating environment.

Radiated inter-modulation products were performed for all combinations of simultaneous transmitting antennas and found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads "R. Sam Wismer". The signature is written in a cursive, flowing style.
