Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Gentlemen:

Sensus Metering Systems respectfully requests confidentiality of certain materials provided with the submission of the USBXCVR under FCC ID: SDBUSBXCVR in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

08-0039 – Schematics.pdf
08-0039 – System Block Diagram.pdf
08-0039 – Theory of Operation.pdf
08-0039 – Parts List.pdf
08-0039 – Internal Photos.pdf
08-0039 – Manual.pdf
08-0039 – Tune Up Procedure.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or designated technicians. The Manual is technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the Manual is also requested.

The USBXCVR has been developed at considerable effort and expense by Sensus Metering Systems. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kirby Munroe', with a long horizontal flourish extending to the right.

Kirby Munroe
Director, Wireless Certifications
Agent, Sensus Metering Systems
