Re: FCC ID: SDBUSBXCVR, IC: 2220A-USBXCVR

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model USBXCVR for certification under FCC Part 24D, 90, and 101 as well as IC Radio Standards Specifications RSS-119 and RSS-134.

The device was tested to the requirements of the aforementioned rules and was found to be in compliance.

This application is only for the USB Micro-Transceiver model USBXCVR. Any other models that may be described in the documentation accompanying this application will be addressed in a separate application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kirby Munroe', with a long horizontal line extending to the right.
