Re: FCC ID: SDBZIGMOD10

To Whom It May Concern:

The following application is submitted on behalf of our client Sensus Metering Systems, Inc. for evaluation of their model ZIGMOD10 for Certification under CFR 47 Part 15.247.

The ZIGMOD10 is a stand-alone module consisting of a single printed circuit board which is designed to be integrated into specific host devices which include electric utility meters. When integrated in electric utility meters, the ZIGMOD10 is collocated with modular approved FCC ID: SDBIDTB002. Radiated inter-modulation products were evaluated in the collocated configuration and found to be in compliance.

.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
