Re: FCC ID: SDBZIGMOD20

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model ZIGMOD20 for certification under FCC Part 15.247.

The Sensus ZigBee Module ZIGMOD20 is a printed circuit board that provides wireless communication capability via the SMS wireless telemetry network. The electric meter uses this module for short-range communication with other ZigBee devices within a few hundred feet of the electric meter.

Sincerely,

A handwritten signature in black ink that reads "R. Sam Wismer". The signature is written in a cursive, flowing style.

Sam Wismer  
Vice President, Technology
