

1.2 Internal views:

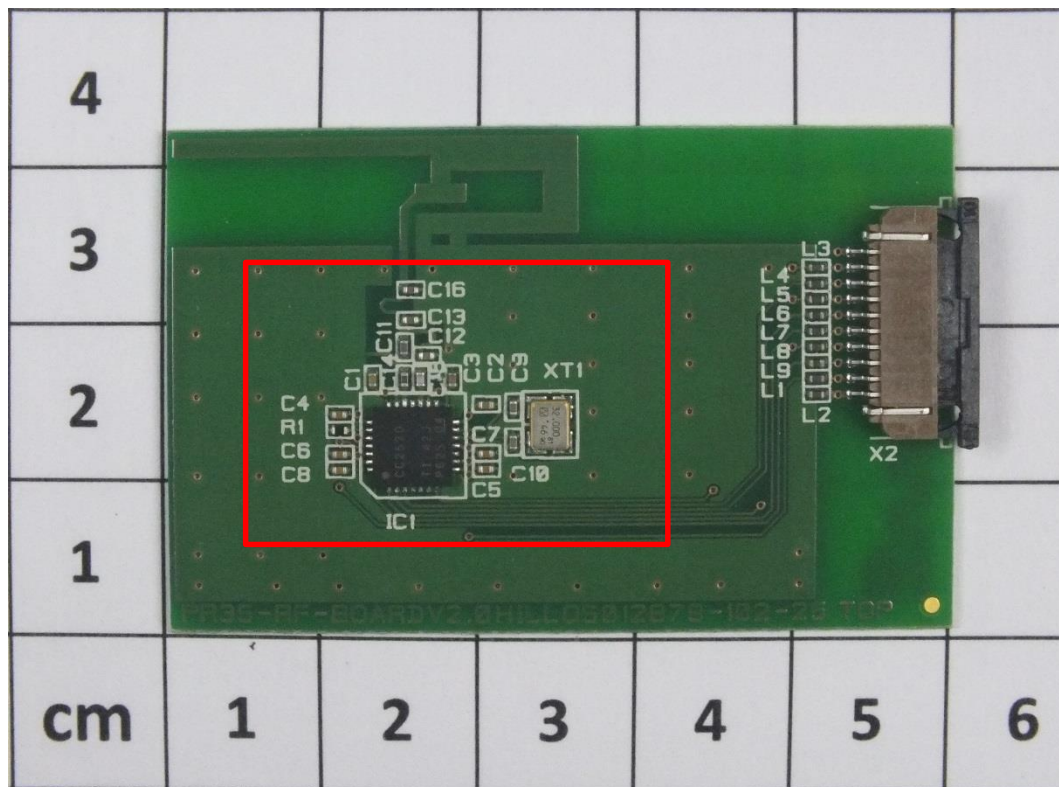

Opened enclosure

The image shows a green PCB with various components and markings. On the left edge, there are four black rectangular components labeled 1, 2, 3, and 4 from bottom to top. The PCB itself has several gold-colored circular pads arranged in a row near the top left. There are also some small red dots and traces on the board. A ruler at the bottom shows centimeters from 0 to 6.
