RE: CAMERON HEALTH, INC.
FCC REQUEST FOR CERTIFICATION
SQ-RX™ MODEL 1010
REQUEST FOR CONFIDENTIALITY UNDER DA 04-1705

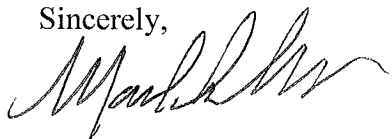

To whom it may concern:

Cameron Health, Inc., hereby requests that under public notice DA 04-1705, the documents listed below and attached with this application for certification of the SQ-RX™ Model 1010 be provided with confidential status for a renewable period of 90 days until the device and associated system is approved for clinical study in the United States:

- Internal photographs
- User Manual
- Antenna Information

Our device is an implantable medical device subject to the approval procedures of the Food and Drug Administration. We request that the above contents of our application for FCC approval be held temporarily confidential until an Investigational Device Exemption is granted by the FDA, allowing us to begin implanting the device in patients in the United States.

Sincerely,

Mark Schroeder
