Subject: Short-Term Confidentiality Release Notification, Form 731 Confirmation

Number: EA905170 FCC ID: SDYCHI2020

Dear Sir/Madam,

Regarding FCC ID: SDYCHI2020, submitted 12 January 09; grant issued 26 March 09:

Please extend the release date for short-term confidentiality for FCC ID: SDYCHI2020, Confirmation Number: EA905170 to 22 September 2009, which is believed to be the latest short-term confidentiality release date available for this file (180 days after the grant date).

The reason for extension to the full 180 days is that the anticipated start date for clinical trials using the system has changed. Cameron Health will notify the FCC before starting this activity if it begins prior to 22 September 2009.

Regards,

/Mark/
