

## ZPASSV2 Cover Letter

1 June 2012

Federal Communications Commission  
74.5 Oakland Mills Road  
Columbia, MD 21046

Subject: FCC ID # SEJ-ZPASSV2

Gentlemen:

This letter and the accompanying documentation are provided in support of a Class 2 Permissive change of Zonar Systems ZpassV2 RFID Reader device. The ZpassV2 is a low power, short range RFID Reader currently approved as an Intentional Radiator as per FCC part 15.209 with FCC ID SEJ-ZPASSV2.

The scope of change is the removal of a USB connector and supporting components, the removal of a microSD memory storage card and components and the addition of a Flash IC memory chip. The RFID circuit remains unchanged, but the layout of the components on the PCB has changed.

Sincerely,

Kelly Niemi  
Manufacturing Engineer  
Zonar Systems Inc.
