Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

Subject: FCC ID: SEJ-V4

Gentlemen:

This letter and the accompanying documentation are provided in support for Original certification of Zonar Systems 'V4' Telematics device. The V4 device is a heavy-vehicle mounted telematics device that gathers vehicle data (GPS location, vehicle diagnostic information, etc) and sends this data to the Zonar database servers via a 2G/3G/LTE cellular modem.

The V4 also includes an 802.11 b/g/n 2.4 GHz only radio module as well as a dual mode Bluetooth v4.0 module supporting both BLE and classic Bluetooth connectivity.

Zonar Systems is seeking approval for the V4 device as an Intentional Radiator as per FCC parts 15.247, 22H, and 24E with FCC ID **SEJ-V4**.

Sincerely,

David Pascoe  
Design Engineer  
Zonar Systems Inc.
