Subject:
V100

FCC Part 80.203(b) Letter
FCC ID: SF5-00200

Dear Sir/Madam,

The V100 meets the requirements of the FCC rules, Part 80.203b.

Programming of the V100 transmit frequencies can only be performed by the manufacturer or by service personnel. It is not possible for the user to alter or program the transmit frequencies.

Sincerely,

Patrick Jones
Project Manager
Mobilarm Ltd
