Subject: Haier Telecom (Qingdao) Co., Ltd., FCC ID: SG7U802T, Assessment NO.: AN08T7530, Notice#1

Dear Hyun Chae You,

You are listed as the Technical Contact for the above referenced TCB application. The following item(s) need(s) to be resolved before the review can be continued:

1. The FCC has recently revised their Authorized person policy. The Authorization Letter submitted from Haier Telecom is signed by Anil Kaushik and has authorized the company of CTK Co. instead of an individual. The application form has been signed by Hyun Chae You (niky5784@e-ctk.com) who must be specifically authorized to sign and submit information for this application. The new FCC policy can be seen at:  
<http://fjallfoss.fcc.gov/oetcf/kdb/forms/FTSSearchResultPage.cfm?id=33316&switch=P>  
Please update your Letter of Authorization to be signed by James Shi, who is the contact of record at the FCC for Grantee Code SG7 and authorize specific individuals at CTK to act on behalf of Haier Telecom.
2. The Parts List exhibit required by the FCC and referenced in the Confidentiality Letter was not submitted with this application. Please supply the required parts List exhibit.
3. The Users Manual has conflicting information by stating keep 30cm from body and also includes SAR compliance information. Please clarify the information in the Users Manual by removing or amending the information about maintaining 30cm separation.
4. The test report Frequency Stability chart seems to have a typo in the units for temperature. Please confirm the units of temperature used and update the test report.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
