Sunnyvale, CA 94085

Dear Sir/Madam,

Authorization Letter

We, CECW designed Z3000B based on C570. The only difference between Z3000B and C570 is that Z3000B has no FM function; while C570 has. In this way, C570 has more components (FM chipset, capacitor, etc) in Baseband area compared with Z3000B. Since no differences in RF area, We, CECW authorizes Haier use our FCC test results.

A handwritten signature in black ink on a light blue background. The signature consists of two parts: 'Ying' and 'Huang', written in a cursive, flowing style.

Sincerely,

Ying Huang / Type Approval Project Manager
