Subject: Confidentiality Request
FCC ID: SIO-NSRH100

I would like to request confidentiality for the block diagram, schematics and operational description of the TEN Technology's Bluetooth naviPlay Stereo Remote, model NSR.H100 .

The reason is, TEN Technology, Inc. wants to protect its IP and investments in this new technology. TEN Technology, Inc. doesn't want to make the block diagram, schematics and operational description freely available to its competitors. Thank you for your understanding.

Best regards,

A handwritten signature in black ink, appearing to read "Lubos Honzik".
