Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: SJC-M2140
(Original Grant date: 12/21/2007)
Applicant: Dust Networks

Dear Examiner,

This is to request a Class II permissive change for FCC ID: SJC-M2140 originally granted on 12/21/2007.

The major change filed under this application is:

Change #1 Change of antenna.

The new antennas have been tested for compliance and based upon those results I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Gordon Charles".

Gordon Charles
