

Class III Permissive Change Request

Date: October 14, 2014

**Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046**

Attn: OET Dept.

**Product/ Model Number: XI-AC1300 and XI-AC867
FCC ID: SK6-XI-AC1300 and SK6-XI-AC867**

Regarding the requirements for class III permissive changes identified in the SDR application guide (KDB 442812 D01 SDR Apps Guide v01), Xirrus, Inc. request the Class III permissive change be allowed based on the following

- 1) No hardware modifications have been made to the identified radio modules.
- 2) Only change to software is that DFS functionality will be turned on.
- 3) No change is software security processes.

We declare there have been no changes to the SDR security documentation. The safeguards in place in the original grant are still in place.
