Your comment:

An administrative review of this application filing shows that the attestation letter dated June 28, 2012, uploaded July 3, 2012, is not signed. The confidentiality letter dated July 27, 2011 (is this date correct or should it be July 27, 2012) is not signed by Steven L. Smith and does not reference both sections of the FCC Rules as the authority for granting confidentiality. Please review FCC Publication No. 726920 D02, dated 12/21/2011.

Response: I believe you are referencing the “Attestation – Power Reduction 2x2 FCC-IC r4.pdf” and “Attestation – Power Reduction 3x3 FCC-IC r4.pdf”. These files are part of the confidential operational exhibit. Signed copies of these two exhibits have been uploaded to both applications.

An updated request for confidentiality has been uploaded to both applications.

Note – All responses, including uploaded exhibits, have been either provided by or reviewed by Xirrus.
