

October 10, 2008

Xirrus Models: XN16, XN12, XN8

Gentlemen:

The Xirrus family Wireless LAN Arrays shipped into US and Canada will be configured for operation on channels 1 through 11 in the DTS band (2412MHz to 2462MHz).

Sincerely

A handwritten signature in blue ink, appearing to read "Patrick Parker".

Patrick Parker

Chief Development Officer
