6731 Whittier Ave, McLean, VA 22101

April 22, 2005

RE: Xirrus, Inc.

FCC ID: SK6XS37008

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The letter referenced in the last response for item 1 does not appear to have been provided.
- 2) Test report still references 12.5 dBi gain antenna on page 7 of 113. Please correct.
- 3) FYI...It appears that in response to previous item 13, that page 59 was not corrected, although pages 60 and 61 were corrected.
- 4) Users manual should also indicate that this device should not be co-located with any other device.

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
