Date: March 25, 2008

Gentlemen:

Itron, Inc. respectfully requests confidentiality of certain materials provided with the submission of the C2SOD under FCC ID: SK9AMI-3 in accordance with FCC Regulations 0.459. The confidentiality request applies to the parts list, schematics, block diagrams, internal photos, theory of operation and manual contained in the following exhibits.

08-0028 – Parts List.pdf
08-0028 – Schematics.pdf
08-0028 – System Block Diagram.pdf
08-0028 – Internal Photos.pdf
08-0028 – Theory of Operation.pdf
08-0028 – Manual.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the grantee or designated technicians. The User's Guide is very technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the User's Guide is also requested.

The C2SOD has been developed at considerable effort and expense by Itron, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Lee Littlejohn Signature:
