

Federal Communications Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia, MD 21046

Date: May 27, 2010

Gentlemen:

Itron Electricity Metering, Inc. respectfully requests confidentiality of certain materials provided with the submission of the AMI6 under FCC ID: SK9AMI6 in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

10-0158 – Schematics.pdf  
10-0158 – System Block Diagram.pdf  
10-0158 – Theory of Operation.pdf  
10-0158 – Internal Photos.pdf  
10-0158 – Manual.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public, professionally installed, and is only serviceable by the applicant or designated technicians.

Confidentiality of the manual is being requested because the manual is very technical and is not provided to the general public because the general public cannot service the device.

The AMI6 has been developed at considerable effort and expense by Itron Electricity Metering, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Lee Littlejohn".

Lee Littlejohn  
Regulatory Engineer
