Date: June 17, 2013

Gentlemen:

Itron Electricity Metering, Inc. respectfully requests confidentiality of certain materials provided with the submission of the ITR24 under FCC ID: SK9ITR24 in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the following exhibits:

13-0281 – Schematics.pdf
13-0281 – System Block Diagram.pdf
13-0281 – Theory of Operation.pdf
13-0281 – Internal Photos.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public, professionally installed, and is only serviceable by the applicant or designated technicians.

The ITR24 has been developed at considerable effort and expense by Itron Electricity Metering, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Lee Littlejohn".

Lee Littlejohn
Regulatory Engineer
