Gentlemen:

Itron Electricity Metering, Inc. respectfully requests confidentiality of certain materials provided with the submission of the C2SOD-P under FCC ID: SK9PLC-1 in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

09-0246 – Schematics.pdf
09-0246 – System Block Diagram.pdf
09-0246 – Theory of Operation.pdf
09-0246 – Internal Photos.pdf
09-0246 – Manual.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or designated technicians. The Manual is technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the Manual is also requested.

The C2SOD-P has been developed at considerable effort and expense by Itron Electricity Metering, Inc.. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
