Re: FCC ID: SK9PMCR1, IC: 864G-PMCR1

To Whom It May Concern:

The following application is submitted on behalf of our client, Itron, Inc., for evaluation of their model Cell Relay Pole, Ethernet for certification under FCC rule parts 15.247 and 15.249 as well as IC Radio Standards Specifications RSS-210.

The Cell Relay Pole, Ethernet contains (3) transceivers which include (1) frequency hopping 900 MHz LAN radio and (2) 2.4 GHz Zigbee radios each of which was evaluated separately to the corresponding rules. For simultaneous transmission the device was also evaluated for radiated inter-modulation products. The Cell Relay Pole, Ethernet device was found to be in compliance.

Sincerely,
