

# BLUETOOTH SPEAKER INSTRUCTION MANUAL

**PLEASE READ ALL INSTRUCTIONS CAREFULLY AND RETAIN FOR FUTURE USE.**

## **In the Box**

- Bluetooth Wireless Speaker
- Micro USB Charging Cord
- Instruction Manual

## **FEATURES**

- Enjoy music wirelessly
- Built-in Lithium battery

(Multi-function button (**MFB**), LED Bluetooth Indicator, Volume Increase Button, Built-in Microphone, Volume Decrease Button, Charging Indicator, Power On/Off Button, AUX-in Jack, USB Charging Port, Speaker)

## **INSTRUCTIONS FOR USE**

Turn ON the unit.

You would now hear a Beep tone indicating that the speaker is pairing with the last device.

The Blue LED flashes quickly.

Turn on the Bluetooth function on your Bluetooth Device (Mobile Phone or Tablet). Please refer to manufacturer's instructions for instructions on enabling Bluetooth on your device.

Once you have turned on Bluetooth on your device, select the device "BT SPEAKER" from the list of available

Bluetooth devices.

If required, enter the password '0000' to confirm to finalize pairing.

Once paired successfully, the front LED would flash slowly.

The speaker will remember this device and will pair automatically when the device's Bluetooth is activated and

in range. You do not need to re-pair any previously connected devices.

If need to pair with other device after pairing successfully, long press MFB button to enter pairing status.

## **Please Note**

- Not all devices have the same operation. Please refer to your device's user's manual for further information.
- If the speaker cannot pair up with new device for around 2.5 minutes, turn off the speaker and reboot to pair.

## **Listening to Music**

Once the speaker is paired with your device you can stream music wirelessly through the speaker. Should you encounter any problems while streaming please refer your device's user manual for further information.

## Control Function

## Charging Instructions

The speaker comes with a built in rechargeable battery..

Connect the Mini USB cable to a computer USB port and the other plug to the charging Mini USB port of the speaker. The Red LED illuminates while the speaker is charging. It takes around 4 hours for the unit to fully charge. When the battery is fully charged the red LED will glow off.

## Care and Maintenance

Read the following recommendations before using the speaker. Following these you will be able to enjoy the product for many years.

- Do not expose the speaker to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Don't use abrasive cleaning solvents to clean the speaker.
- Do not expose the speaker to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the speaker in a fire as it will result in an explosion.
- Don't expose the speaker to contact with sharp objects as this will cause scratches and damage.
- Don't let the speaker fall on the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the speaker as it may get damaged if you are not professional.

Trade name: Shenzhen Wanfengda Electronics Co., Ltd.

Name: Bluetooth Speaker

Model Number: EF-B202

**FCC ID: SLFEF-B202**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
