Re: FCC ID: SM6-HOTRODV2HI

To Whom It May Concern:

The following application is submitted on behalf of our client, Mueller Systems, for evaluation of their model AHRHP-DL for certification under FCC Part 15.249.

The AHRHP-DL remote meter reading transmitter is designed to allow the utility to receive data from water meters. The AHRHP-DL collects data from the water meter register and transmits it via radio frequency (RF) to be collected by a mobile receiver. The AHRHP-DL high power unit is designed for use with the specific meter pit and lid identified in this filing.

The AHRHP-DL was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large, prominent 'R'.
