

### External Photos of EUT

The rear panel of the HP DesignJet Z6800 printer features several ports and ventilation slots. On the left side, there are two USB ports (labeled USB and USB 2.0), an HDMI port, an iSCSI port, and a FireWire port. In the center, there are two Ethernet ports (labeled LAN and LAN 2) and a series of ventilation slots. On the right side, there are two more Ethernet ports (labeled LAN 3 and LAN 4) and a series of ventilation slots. The bottom of the panel has a power button and a power cord connector. The top of the panel has a series of ventilation slots.
