

Difference Description for Acclarix LX3 Series Products

FCC ID: SMQLX3EDAN

The Acclarix LX3 series products include Acclarix LX3, Acclarix LX3 Exp, Acclarix LX3 Super, Acclarix LX25, and Acclarix LX28 models. For all these 5 models, the configuration difference are listed in table 1 below. Since the Acclarix LX3 is the main models for R&D and verification activities, we choose the Acclarix LX3 with the maximum configuration (as the same as Acclarix LX3 Super's) as the DUT (device under test) to cover all the models.
