

Difference Description for Acclarix LX9 Series Products

The Acclarix LX9 series products include Acclarix Acclarix LX9, Acclarix LX9 Exp, Acclarix LX9 Super, Acclarix LX85, Acclarix LX88 models. For all these 5 models, the configuration differences are listed in table 1 below. Since only the measurement configuration (software function) of Acclarix LX9 is different from other models, and it does not affect the wireless test, so, we choose the Acclarix LX9 as the DUT (device under test) to cover all the models.

Table 1 Configuration Difference between each Model

	Product type	Configuration differentia		
		Func.1	Func.2	Func.3
		Seminal Vesicle Measurement	Testis Measurement	One key footswitch
Acclarix LX9 Series	Acclarix LX9	X	√	√
	Acclarix LX9 Exp	√	X	√
	Acclarix LX9 Super	√	√	√
	Acclarix LX85	X	√	X
	Acclarix LX88	√	X	X

'X' represents "could not be supported";

'√' represents "could be supported".
