**SUBJECT:            CONFIDENTIALITY REQUEST**  
**Havahart® Custom Fence Base (FCC ID: SNA-CFB)**

Dear Sir or Madam:

Woodstream Corporation respectfully requests confidentiality of certain materials provided with the submission of the Havahart® Custom Fence Base under FCC ID: SNA-CFB in accordance with FCC Regulations 0.459. The confidentiality request applies to the schematic diagrams, block diagram (including associated oscillator frequencies, block signal paths and frequencies, tuning ranges and intermediate frequencies), operational descriptions (including circuit functions, grounding system description, antenna and duty cycle details), parts list and tune up procedures contained in this filing and included in the following files.

10-0086.W03.15.A – Schematics.pdf  
10-0086.W03.15.A – System Block Diagram.pdf  
10-0086.W03.15.A – Theory of Operation.pdf

The Havahart® Custom Fence Base has been developed at considerable effort and expense by Woodstream Corporation. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage. I appreciate your assistance in this matter.

Should you have any questions/need any additional information, I can be reached at (717) 626 – 2125 x426 or by email at [cmateer@woodstream.com](mailto:cmateer@woodstream.com).

Sincerely,

Chad Mateer  
Regulatory Affairs Manager  
Woodstream Corporation
