# Differentiation

| Model | GR-12L SUMD/T DIVERSITY |
| | GR-12L SUMD+T DIVERSITY RECEIVER SHRINKED |

Both models are the same as HW/SW. The difference is the presence or absence of connector and shrinked.
The GR-12L SUMD/T DIVERSITY model is for the advanced user who wants to reduce the weight of connector from the receiver. The GR-12L SUMD+T DIVERSITY RECEIVER SHRINKED model is for the general user.
