Re: Request for confidentiality

Applicant: Wireless Extenders, Inc

FCC ID: SO4YX400-PCS  
To whom it may concern,

Request is hereby submitted by Wireless Extenders, Inc., to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) of the FCC Rules.

In particular, the following sections of the application are to be kept confidential:

- Schematics
- Detailed Block diagrams
- Theory of Operation
- Internal photos (only when new technology is involved; requires additional justification)

Rationale for request for confidentiality:

Wireless Extenders, Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Scott Terry  
VP Engineering  
Wireless Extenders, Inc.
