Bill of Materials
Operational Description

The above mentioned documents contain detailed system and equipment descriptions and are considered proprietary information in the operation of the equipment. The public disclosure of the above documents might be harmful to our company and would give competitors an unfair advantage in the market.

In addition to the above mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, in order to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the time of actual marketing of the newly authorized devices we are requesting that the commission grant short-term confidentiality on the following attachments for 180 days from the date of equipment authorization:

External Photos
Internal Photos
Test Setup Photos
User Manual

It is our understanding that all measurement test reports, FCC ID label format, and correspondence during the certification review process cannot be granted as confidential and that this information will be available for public review once the grant of equipment authorization has been issued.

Sincerely,

A handwritten signature in black ink that reads "Dan Parrish". The signature is fluid and cursive, written over a horizontal line.
