FCC Part Certification
Request for Limited Modular Approval

Dear Application Examiner

In accordance with DA 00-1407 – 26th Jun 2000 “Part 15 Unlicensed Modular Transmitter Approval”, ROBOTIS believes it has met all of the requirements set out in the document for the granting of modular approval.

1. The requirement of RF shielding: The shielding of the radio portion can be demonstrated in exhibition External Photo.
2. The requirement of buffered inputs: Buffered data inputs stage has been integrated in chip BC57H687C-GITM-E4.
3. The requirement of power supply regulation: It has its own power supply regulation in the chip.
4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
5. The requirement of stand-alone test configuration: Please reference exhibition Test Configuration Photo for the stand-alone test configuration.,
6. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the users manual of this module. Please also see the exhibition Label Sample.
7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual..
8. The requirement of RF exposure: The EUT is compliant with all applicable RF exposure requirements. Please see RF Exposure Exhibit.
